Sunday Service- 13/04/25 THE BRIGHTNESS OF A SPECIAL RISING - Pt.1

Revelation is current events! So we know what God is up to now.

Matt 19:5-6

Heb 13:4

The family is designed by God. For the last 20yrs politicians have been messing with His design. Legislating defacto relationships, equalizing gay relationships, promoting polygamous families. It all destroys communities.

Gods design is one man and one woman in marriage then having children. This is why the hymen exists, to create a covenant in the act of marriage that is covered by blood.

We have got so far away from Gods design that rainbow culture teaches your children in main stream school and foreign religions are promoted over our founding faith.

It's all apart of a hostile takeover called Marxism. Marxism is new communism, it is the rule of the state and the subjugation of its people. The state decides what you can and cant do and what you must believe. In NZ it is rainbow religions, foreign gods, the equalizing of everyone by elites deciding what you can have and do in life.

Romans 11:4-5

God has a people reserved for His purposes. There is a divine response needed from those people and a stand for the things of God.

Acts 17:16

Provoked by foreign gods! **The Apostolic anointing is annoyed by demons in the land!** We should be insulted by temples and mosques in our country and do something about it. Christianity is a dominant religion, it overtakes and subdues evil.

Acts 17:26

It's not about color we all come from the same blood. It is about belief! God puts nations and borders in place so that beliefs are contained and you can clearly see what God blesses and what He doesnt.

Sunday Service- 13/04/25 THE BRIGHTNESS OF A SPECIAL RISING - Pt.2

1 Cor 11:3

God does not bless a mess so we need to clean up our nation. Godly families are the cure to a nations dysfunctions.

It begins with us. The church must be in order. If you are living in sin, put it right. Clean up your home, teach your children the right way, ensure they follow it. Its all done with love but obedience brings blessing not just saying sorry.

Ps 91

Luke 5:16

Your time with God is the beginning of it all. You need to be transformed from the inside before you can clean up the outside. Your solitude time with your father is what will carry you through. Be real, open and honest with God and build a trusting relationship.

Luke 9:1

Conversion therapy laws are a ban on casting out demons. They are trying to legislate punishment so you wont utilize the weapon God has given us to bring salvation to people. *A firstborn is someone who has TRANSitioned to a son of God.* The rainbow religion is the devil's TRANSition that he wants locked up and doesn't want saved.

Rom 8:29

Heb 12:23

Gods superpower is the firstborn and the church registered in the spirit. They are the ones that carry the proton nuclear bomb that blows apart demonic strongholds and sets people free just by turning up and announcing the name of Jesus Christ. Come out you unclean devil in Jesus name!
