## Sunday Service- 27/04/25 “THE DESTINY ARMY”: Elder Mark Donalson

*We are an army, this is a battleship. Stay spiritually fit for God.*

### **2 Thess 2:6**

Our Apostle and Destiny Church are the restraining force to the onslaught of satan and his hordes. Of course we will be at the forefront of the enemies attack.

This Anzac just highlights the war we are in. They fought and died for God, King and Country. The very thing being stripped from NZ today. There is an ideological war we are in that is attacking from within, it comes from our politicians who allow mass immigration, rainbow ideology and marxist ideology that is stripping our kiwi way of life.

### **Joel 2:1**

Brian Tamaki is sounding the alarm. BECAUSE OUR NATION IS UNDER THREAT. The battle is spiritual, demonic forces that want Christ removed from society. Israel and the west represents Judeo-Christian life. Only an Apostle and the Church can deal to that level of evil.

### **Acts 14:2**

Religious, political, media will try and stir up the masses to poison their minds to the truth. The Apostle sees. 2004 he said civil unions will open the door to destroy families. Today we don't even know what a woman is! As a church our job is to agree and support what the Apostle sees and says.

### **2 Tim 3:1**

Perilous times. The end times will not be easy. Get rid of the mindset of wanting a comfortable life. Stay the course, keep the faith, build the church.

### **Rom 11:4-5**

God knows His remnant, how to keep them and to bless them. Never give up! No one knew what David carried, but God did. We often don't know the extent of what we carry in God. The radical youth showed a new generation of what God is doing.

### **Joel 2:2-8**

Firstborn's is a different level to christians. Those who know they are the reflection and image of the resurrected Christ in the earth. The like of who has never been!

They march as one with Christ under the command of an Apostle. Not singing their own tune, believing some things but not the other. Walking in unity is the power.

### **Joel 3:16**

The rise of spiritual anzacs is coming as NZ and Australia churches converge in June. The roar of the firstborns puts the enemy on notice. It says Im coming through get out of the way. It is time we will declare the tabernacle of David is now, the army of God is coming to restore order to NZ and the world, just as Israel prepares for Jesus to return to bring global order.
